

# Oak Ridge Elementary School

## Suggested Supply List for 2018-2019

### Fifth Grade

- Lined paper with at least 3 holes
- Set of colored markers or colored pencils/crayons
- Box of 24 sharpened pencils
- Small pencil case can also be useful
- One marble composition book
- Highlighter
- Glue Stick
- Scissors
- 12 inch ruler
- Folders with pockets and holes (see below)

\*As a fifth grader, we are giving you the opportunity to develop a method of organization that works best for you. You will be required to have separate folders for math, reading, science, writing, social studies, and homework. This could be organized into 6 individual folders or combined in a binder (not to exceed 2 inches)

Our ultimate goal is that you are able to keep assignments organized in their proper folder and easily transport papers to and from school. Since communication to and from school is extremely important, so it is required that you have a separate folder just for homework and papers from the office.
